## AN EXPERT IN THE FIELD OF "HEIR-O-DYNAMICS"

From the moment this young stallion hit the ground, we knew he was special. From his first time in lines, we knew he was extraordinary. If he could sire that on ... he would be a phenomenon.

He has delivered! Two-time U.S. National Unanimous Champion himself, Afires Heir is the proud sire of horses who seem to defy the laws of physics with their ability to trot. We are thrilled with his youngsters and look forward to seeing them in the show ring. They are entering now!

We invite you to breed one. Learn what it feels like to fly!
