Attitude & Aptitude

“Afires Heir's

unprecedented record speaks to his truly remarkable physical attributes and his genuine desire to please every day.

This year, as more of his babies are growing up, I have seen that he is passing on these traits with incredible consistency.

2007 Unanimous National Champion
2008 Unanimous National Champion
2009 Unanimous National Champion

I am thrilled and can't wait for the next step in our journey ... his offspring.”

“But don’t just take my word for it ...”

“I have seen a half dozen or so youngsters by Afires Heir and have been extremely impressed. He is adding long, upright necks and great length of leg to every one of them. Their necks and legs seem to bend in all the right places. I feel that Afires Heir has a lot to offer to the Arabian breed and look forward to training and showing his babies.”
- Kevin Price

“Afires Heir—Streamlined and athletic ... It’s as if every foot hits the ground with purpose. I’ve had the opportunity to see quite a few of his babies and he certainly passes on the goods!

My clients, Jeff and Linda Knight and Debbie Reber, recently purchased the statuesque purebred yearling colt, VJ Royal Heir. He has a freaky neck, almost over his back, loose, beautiful motion and long, elegant legs. We look forward to his debut as he is very special like his National Champion dad.” ~ Tish Kondas

“Iron Horse Farm purchased BL Heir Supreme; he has been an extreme pleasure to work with. Perfectly balanced motion, excellent conformation with an incredible long upright neck that folds in half, and his temperament... Wow! Such an eagerness to learn and please.”
~Christine Johnston

“This Fall I’ve had the opportunity to start two Half-Arabian prospects by Afires Heir. Both have extremely long, upright necks, excellent motion, and above all perfect training attitudes. I’m very enthusiastic about training future Afires Heir offspring.”
